Insee - [GDP \(2023\): French national account in 2023](#) (published on May 31st, 2024)

Insee - [Population \(2023\): Demographic report 2023](#) (published on January 16th, 2024)

Insee - [Employment by business sector \(2023\): Employment, unemployment, labour income](#) (published on August 22nd, 2024)

Jobseekers Safeguarded by Unemployment Insurance

At the end of 2023, France had
6.2 million
jobseekers registered with France
Travail and having access to support
services

of which
3.8 million
beneficiaries of the
Unemployment insurance

Not covered by the Unemployment insurance scheme are those that have not worked enough to qualify for entitlement for support or for their entitlement to be renewed, or those whose employment contract has not been terminated or who are not included in the scheme (part of the civil service, those having resigned and the self-employed).

Those who do not receive any benefits have in general worked and received a high salary compared to their reference salary. They can also be covered by health insurance or deferral of benefits at the beginning of their entitlement.

Of those,
2.7 million
receive unemployment
benefit

Unédic

Role and Missions

2 OVERVIEW OF UNÉDIC

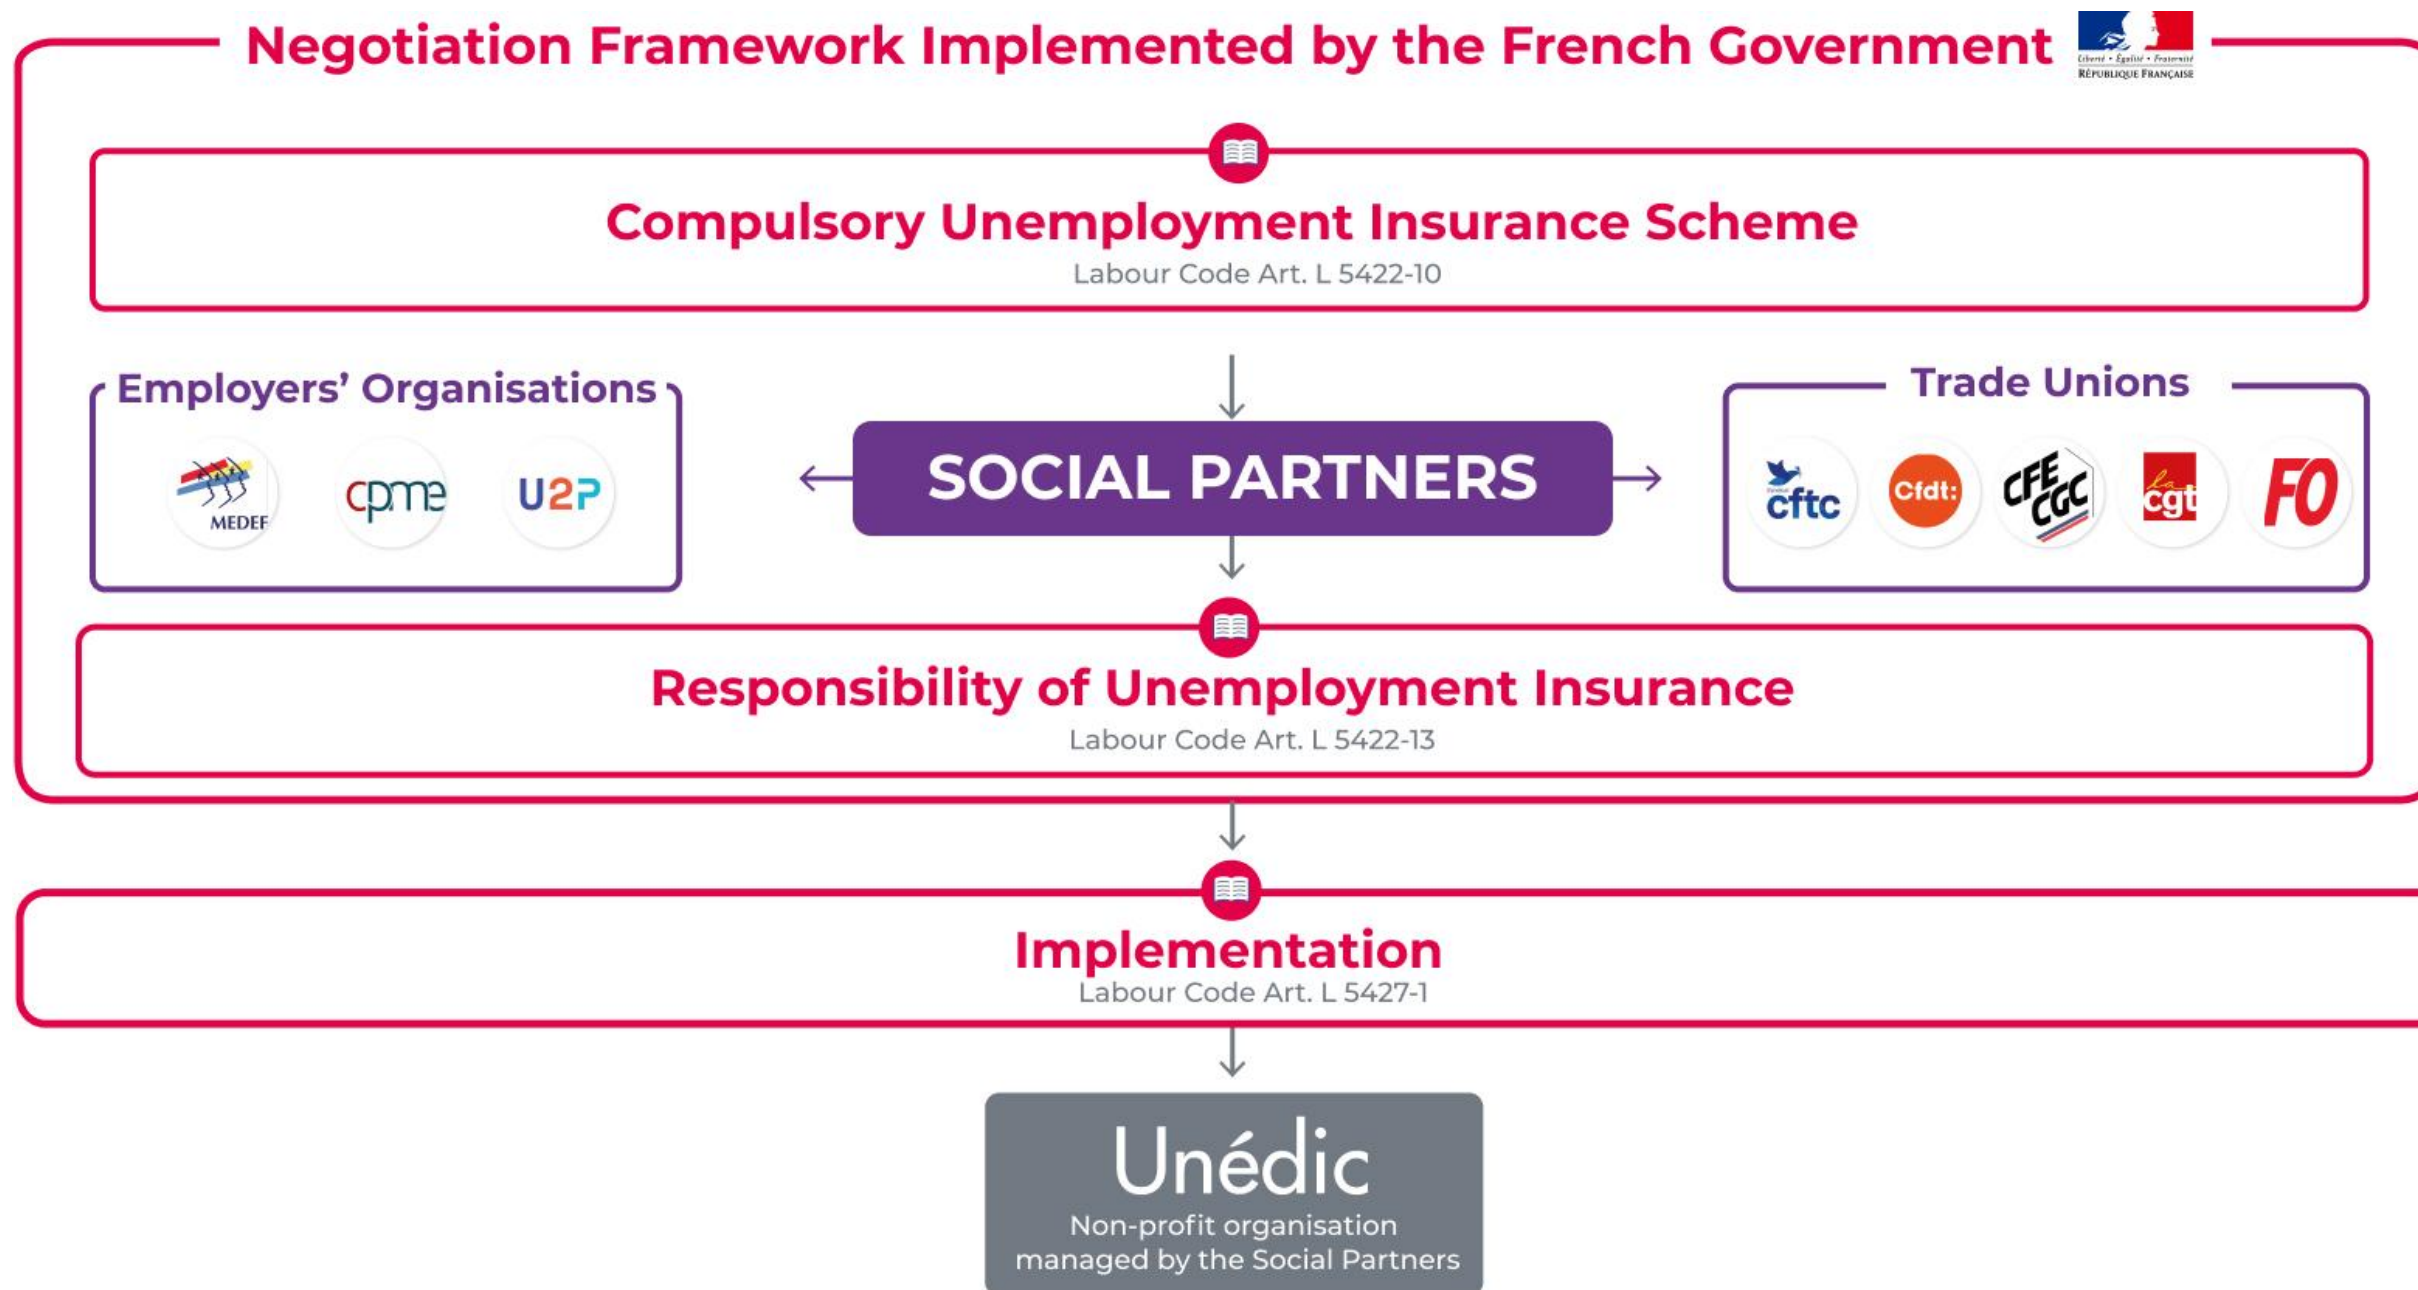

Unédic is a non-profit organisation founded in 1958 by the Social Partners to manage the Unemployment insurance in France.

Source: Unédic

Unemployment Insurance Oversight by Social Partners

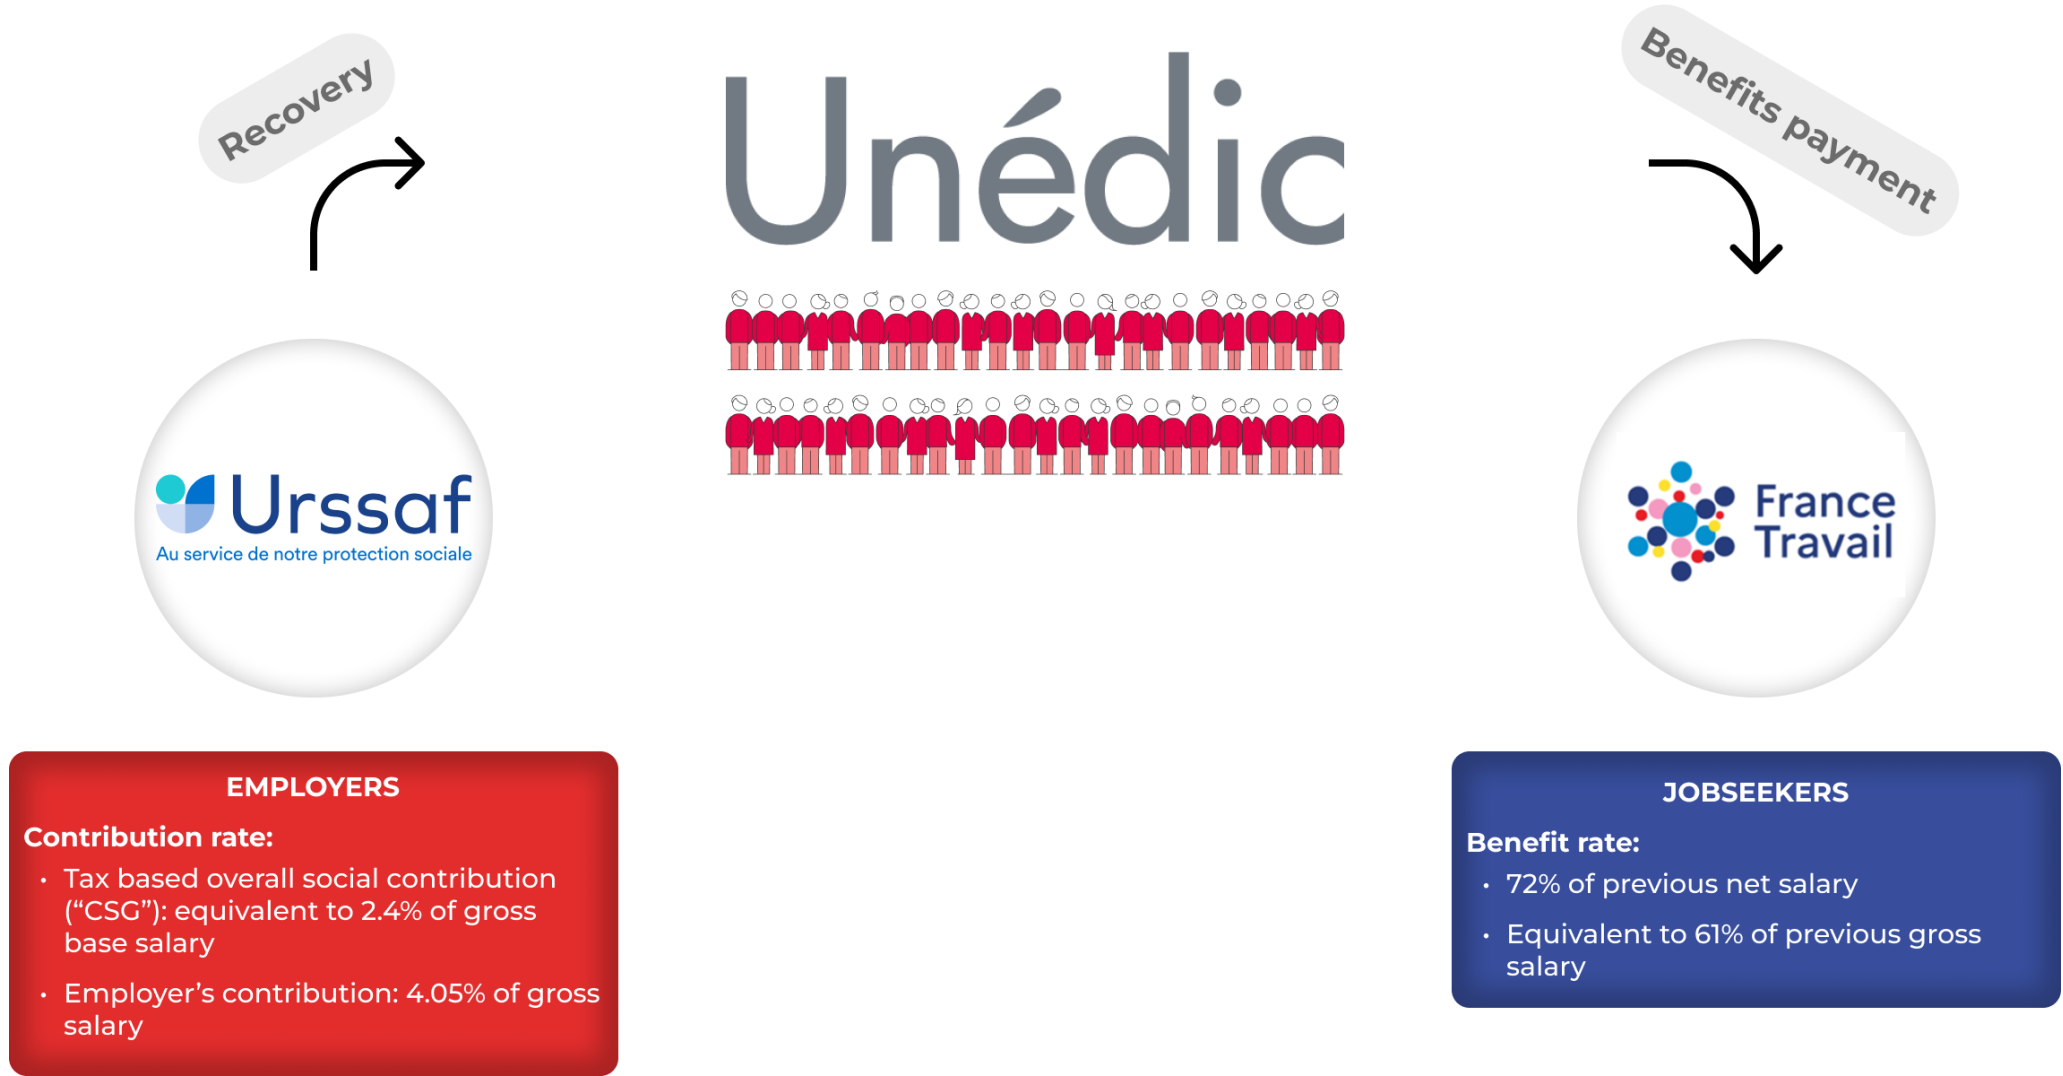

2 OVERVIEW OF UNÉDIC

Source: Unédic

Recovery and Benefits Payment

Unédic mandates two public agencies to carry out operations of contributions collection and benefits payment.

Source: Unédic
Note: With the new unemployment insurance agreement of November 15th, 2024, the employer contribution rate is set to decrease to 4% on May 1st, 2025

Unédic and the French State: Fully Shared Responsibilities

2 OVERVIEW OF UNÉDIC

Negotiation by the Social Partners to ensure financial balance « over the cycle »

Unédic

Shared responsibility

Compulsory nature of the
Unemployment Insurance at the
national level
(Labour Code Art. L 5422-13)

Parliament

- Part of Unédic revenues is now defined by the Social Security Financing Law
- Look at Unédic's overall situation

- Bond issuances on the EMTN programme supported by an explicit State guarantee, published in the Finance Law

Finance Law n°2025-127, Art. 149 (Feb. 14th 2025): Authorisation to provide an explicit guarantee for 2025 up to €4bn

Government

- Prime Minister approval of the Unemployment Insurance agreement (Labour Code Art. L5422-21)
- During summer 2018, a new law was passed, strengthening the rôle of the State
Law n°2018-771 « Avenir professionnel » :
 - Negotiation framework given to Social Partners by the Prime Minister
 - Implementation of specific measures by decree
 - The State is entitled to take control of the management of Unemployment Insurance if the Social Partners fail to reach an agreement

- State's guarantee on Unédic bond issuances granted by the Minister of Finances

Ministerial Order (Feb. 17th 2025):

- The State's guarantee is granted for the bonds to be issued in 2025 by Unédic
- The guarantee covers a maximum principal amount of €4bn plus all related interest and costs

Unédic's Financial Balance in 2023

2 OVERVIEW OF UNÉDIC

REVENUES €44.2bn

EXPENSES €42.3bn

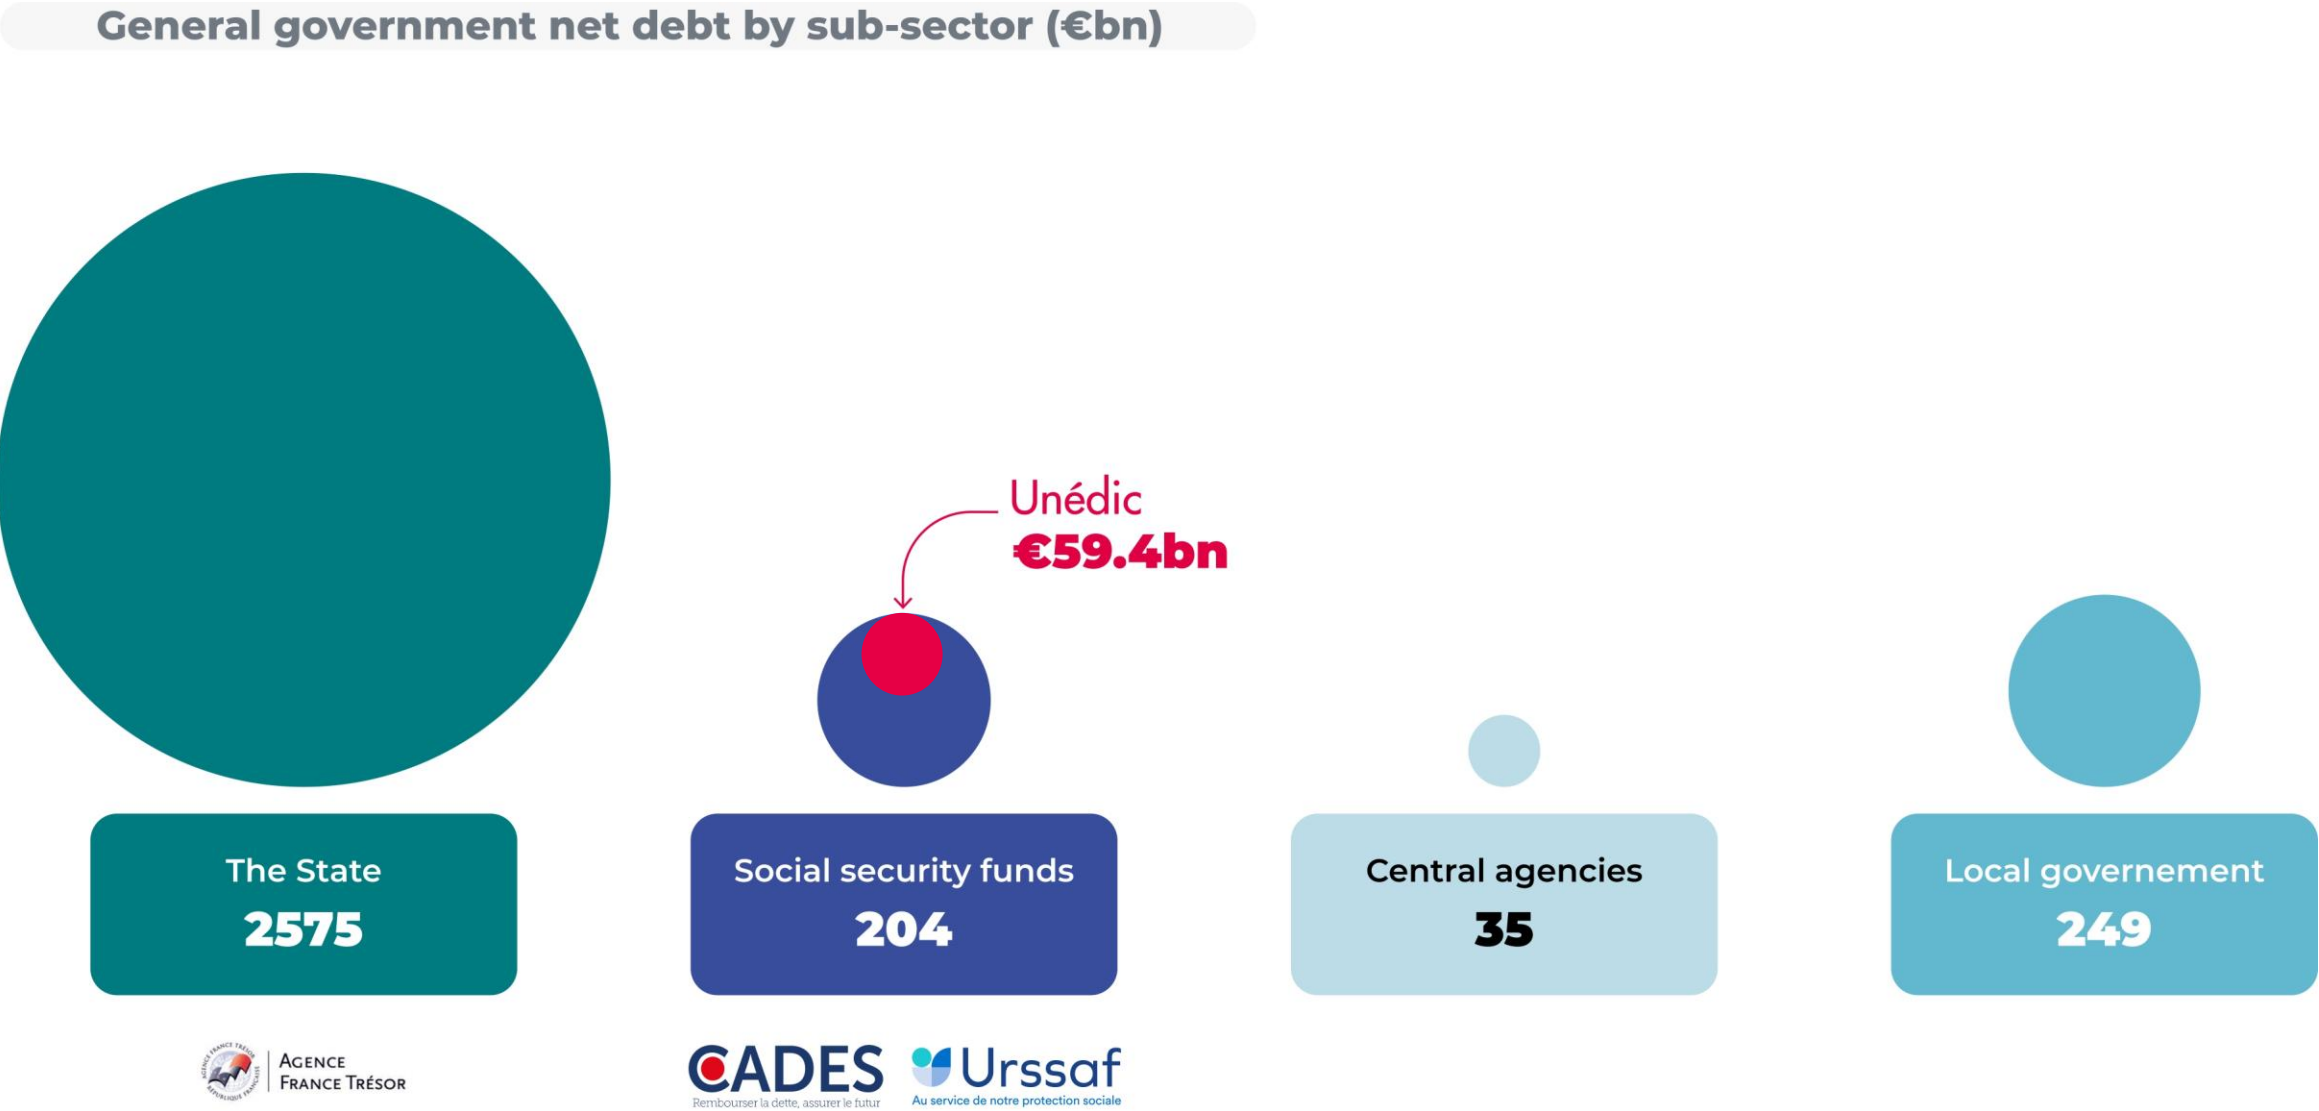

The Law of 5 September 2018 on the freedom to choose one's professional future removed employee unemployment insurance contributions (2.40%) from January 2019. To compensate for this removal, the Social Security Financing Act for 2019 provided to Unédic the allocation of 1.47% of the CSG collected on earned income. In 2023, the CSG on earned income allocated to Unédic amount to €17bn.

Generalised Social Contribution (CSG): It is a tax on most incomes including wages

Business & Employment Climate

Source: Insee - as of March 2025 (published on March 21st, 2025)
All Sectors - Metropolitan France

The **business climate indicator** summarises the information provided by the surveys in manufacturing, services, trade (retail and wholesale) and building construction. It is built from 30 balances of opinion from these surveys.

The **employment indicator** is based on the 10 balances of employment, past and expected, from the surveys in manufacturing, services, retail trade and building construction.

Long-Term Projection of the Labour Force

3 ECONOMIC OUTLOOK IN FRANCE

Source: Insee - as of 2022 (published on June 29th, 2023)

The pension reform decided in 2023 has a positive impact on the long-term forecast of the labour force.

In 2070, France would have 29.8 million workers, or 600,000 more than what emerged from the 2022 projection.

The revision of the active population will be very strong from 2024 to 2029: it is multiplied by more than two, to +150,000 on average each year.

In addition, the peak, at 31.2 million people, would thus be reached in 2036, compared to 30.5 million three years later according to 2022 forecast.

The activity rate of 55–69-year-olds, which was already experiencing a marked increase in the 2022 projection (+9.8 points by 2070), will gain an additional 4.5 points. In the 60-64 age bracket, the reform will be in full swing: +10.9 points, at slightly over 70%.

Unédic

GDP and Wage Bill Growth Hypotheses

Source: Unédic Forecast (published on February 19th, 2025)
Note: Unédic forecasts are based on hypotheses which may differ from the State macro-economic framework

Focus on Revenues and Expenditures of Unédic

Source: Unédic Forecast (published on February 19th, 2025)
Note: Unédic forecasts are based on hypotheses which may differ from the State macro-economic framework

In 2022, Unédic returned to surplus for the first time since 2008 due to the end of the Covid-19 emergency measures, but also positive cyclical and regulatory factors.

Between 2023 and 2026, revenues will have stopped rising steadily as a result of the upward trend of fund reallocations to apprenticeship and professional training through France Compétences and France Travail ("State levies" on the chart).

At the same time, expenditures increase in 2023 and 2024 as a result of a moderate rise in unemployment benefit payments, which should start falling from 2025 onwards.

From 2024 to 2026, the financial balance should remain stable before shifting back to a positive trajectory in 2027, driven by a decline in unemployment benefit expenditures and a favourable trend in revenues, mainly explained by no reallocation to France Compétences or France Travail.

Source: Unédic Forecast (published on February 19th, 2025)
Note: Unédic forecasts are based on hypotheses which may differ from the State macro-economic framework

Unédic's Debt Over the Years

The financial balance of the Unemployment Insurance scheme is expected to remain stable from 2024 to 2026. This trajectory would help stabilize Unédic's debt.

In 2027, the return to surpluses would ensure a new deleveraging phase for Unédic.

Source: Unédic Forecast (published on February 19th, 2025)
Note: Unédic forecasts are based on hypotheses which may differ from the State macro-economic framework

NEU CP Programme Covers Short-Term Cashflow Needs

Unédic's short-term debt programme (NEU CP) is used on a daily basis to cover short-term cashflow needs and treasury cycle.

The outstanding debt on the NEU CP programme was supposed to decrease in 2023 and in 2024, but the reduction in Unédic's surplus compared with what was initially forecast had to be offset by NEU CP funding and the increase in the outstanding to €9bn end of 2023 and €12bn end of 2024.

In 2025, the NEU CP programme remains at the core of Unédic funding strategy, particularly at the beginning of the year, considering both the repayment of €3bn of bonds and the publication of the State's guarantee in February.

Source: Unédic, as of March 31st, 2025

NEU CP Programme Duration & Yield Management

The NEU CP duration is managed in relation to cashflow forecast and investor needs, while yields are driven by central bank policies.

Source: Unédic, as of March 31st, 2025

NEU CP Programme

Spreads over Benchmarks

Yields at issuance are correlated to money market benchmarks, such as market expectation on the ECB deposit facility rate (€STR swap) but also French sovereign bills (BTF).

Source: Unédic, as of March 31st, 2025
Note: Weighted average spread per tenor calculated on all NEU CP issuances over the past month

NEU CP Programme Liquidity Management

Unédic is managing the liquidity risk by spreading out maturities and smoothing reimbursements over the issuing horizon.

Overview of the Social Bond Reporting 2023

→ **Choice and allocation method:**

Allocation of 100% of funds raised through Social Bonds (unallocated funds = 0%), i.e. €1 billion.

Allocation to the funding of the **Career Safeguarding Contract (CSP)** scheme designed to help employees laid off for economic reasons make the transition to a new career. It offers them a combination of financial compensation and enhanced support to speed up their return to work while securing their income.

→ **Purpose of the allocation:**

The context of economic slowdown, persistent inflation and a rise in business failures in 2023 brought Unemployment Insurance to play an important role in supporting people who have been laid off by helping them with their career transition plans.

SDG 1 - No Poverty: Goal 1 aims to end poverty and combat inequality in all its forms everywhere. It consists of seven sub-goals: poverty reduction, access to basic services, reduction of the proportion of working poor and of the most vulnerable, notably women and children

SDG 4 - Quality Education: Goal 4 aims to ensure universal access to equitable, free and quality education at all stages of life, including the elimination of gender and income disparities. It also focuses on the acquisition of basic and higher-level skills to live in a sustainable society. SDG 4 also calls for the construction and improvement of educational infrastructure, increasing the number of scholarships in higher education in developing countries and the number of qualified teachers in those countries.

SDG 8 - Decent Work and Economic Growth: Goal 8 recognises the importance of sustained, inclusive and sustainable economic growth to provide decent and quality employment for all. It aims to eradicate unworthy work and to provide protection for all workers. It promotes the development of training and employment opportunities for new generations, accompanied by an increase in skills for "sustainable" jobs. SDG 8 also provides for enhanced international cooperation to support growth and decent employment in developing countries through increased aid for trade, development-oriented policies and a global strategy for youth employment.

SDG 10 - Reduced Inequalities: Goal 10 calls on countries to adapt their policies and legislation in order to increase the incomes of the poorest 40% and to reduce wage inequalities based on sex, age, disability, social or ethnic origin and religious affiliation. This includes encouraging the representation of developing countries in global decision-making.

Breakdown by investor geography

Analysis and Research to Enhance Decision-Making and Schemes

→ Publications based on surveys and econometric research by Unédic

(e.g. on the situations of jobseekers experiencing recurring unemployment, working unemployment beneficiaries, impact of digital on jobseekers, specific programs)

→ National systems comparisons: benchmarks and examples

→ These studies seek to establish a shared appraisal, before decisions are made

Disclaimer

→ This document is a draft for discussion purposes only, it is highly confidential and proprietary and should not be transmitted to any person other than its original addressee(s) without the prior written consent of Unédic. Prices and margin are meant to be indicative only and are subject to change at any time depending on market conditions. Unédic cannot be held responsible for any financial loss or other consequences of the implementation of the transactions described in this document. The French Autorité des Marchés Financiers granted its visa under the number 20-184 dated 7 May 2020 with respect to a Base Prospectus.

→ The Base Prospectus is available at no cost at Unédic registered office, 4, rue de Traversière, 75012 Paris, France and on its website www.unedic.org. You are invited to report to the section “risks” of the Base Prospectus before taking a decision with respect to the implementation of the transactions described in this document or in the Base Prospectus. Should you so require, you should contact your financial, legal or tax advisor, or any other specialist, in order to confirm that any decision taken is consistent with your personal financial situation.

→ European Regulation changes occurred in July 2019 on Prospectus Directives have removed the possibility for Unédic to issue its financial documentations in the base prospectus format. Since 17 May 2020, all Unédic legal documentation for financing programme has been held as Information Memorandum without the French Autorité des Marchés Financiers visa. Unédic will update Information Memorandum with every important and significant information related to the Issuer.
